

GRUMPY'S

Distilled from Corn, Millet and Barley

VODKA

750 ml

40% ALC/VOL

ANVIL
DISTILLERY

Anvil Distillery is a locally owned and operated Colorado Company dedicated to producing quality Hand Crafted Spirits. Using only the finest ingredients and All Grain recipes, no additional flavorings or sugars are added, these spirits are forged with the dedication and passion we have for a Hand Crafted Quality product.

GRUMPY'S VODKA is mashed from Non-GMO white corn, with malted millet and malted barley, to bring out the sweetest flavors of the corn. After fermenting our mash for about a week, we distill our Vodka through multiple fractional columns, several times. Through this process our Vodka retains its sweet, rich flavor, while making it incredibly smooth. Perfect for a Martini, or just sipping straight!

We hope you enjoy Grumpy's Vodka
