## ABOUT

This bourbon underwent a distinct filtering process, forgoing the typical chill filtration and passing only through a plate and frame filter. This allowed the bourbon to maintain a robust proof for bottling, as well as a full, rich and bold flavor

## TASTING NOTES

Very citrusy honey buoyed by alcohol, followed by smoked oak, vanilla cake frosting, spiced apple, licorice, and toasted grain. It has an intense mix of vanilla, caramel, and licorice that explode on contact, followed by a surge of oak, cinnamon, orange, apple, and heat.
