

KING'S WHEATED STRAIGHT BOURBON WHISKEY

ABOUT

King's Wheated Bourbon is subtle and earthy, with rich notes of caramel and butterscotch, plus a touch of cinnamon with a soft, wheaty finish. We recommend it for a bourbon drinker who prefers Maker's, the Weller lineup, or Blanton's.

THE KINGS

Cara and Justin King collectively have over 25 years of experience in the spirits industry, from distillation on a small scale to management at large and everything in between. Together, they have created the standard to which Tennessee spirits are measured. This blended bourbon is the pinnacle of their experience - Cara producing the finest ingredients, and Justin using the ingredients to create a spectacular whiskey.
